

Transformational Leadership nurtures relationships within the local church that enhance personal growth and ministry effectiveness. This life-changing leadership style begins with the strength and the heart of the leader. But too often the burdens and responsibilities of leadership extinguish the flames that ignited our passion for ministry. Has this ever happened to you? Have you lost sight of the sacred passion of the Spirit-led life? Join us as **Dr. Glenn Wagner** helps us to **re-ignite** our **God-given vision** and **passion** for ministry.

Who is it for?

If you love the Lord, love mission and ministry, and attend or are interested in the ministry of Mission Mid-Atlantic churches, this day is built for you! Don't miss it!

Keynote Speaker

Dr. Glenn Wagner is a dynamic, innovative leader & pastor with more than 30 years of ministerial leadership. Having served as senior pastor to four congregations, he has become a catalyst for multicultural worship, church vision, health and growth, debt elimination, and ministry development and implementation. As founder & current president of FutureLead, he helps pastors, executives and organizations reverse the negative trends of leadership by teaching them how to lead with purpose and passion. You can read more about Glenn's ministry at www.futurelead.org.
